Annual Enrollment

Annual enrollment time is here, giving you the opportunity to review your options and select a new health plan.

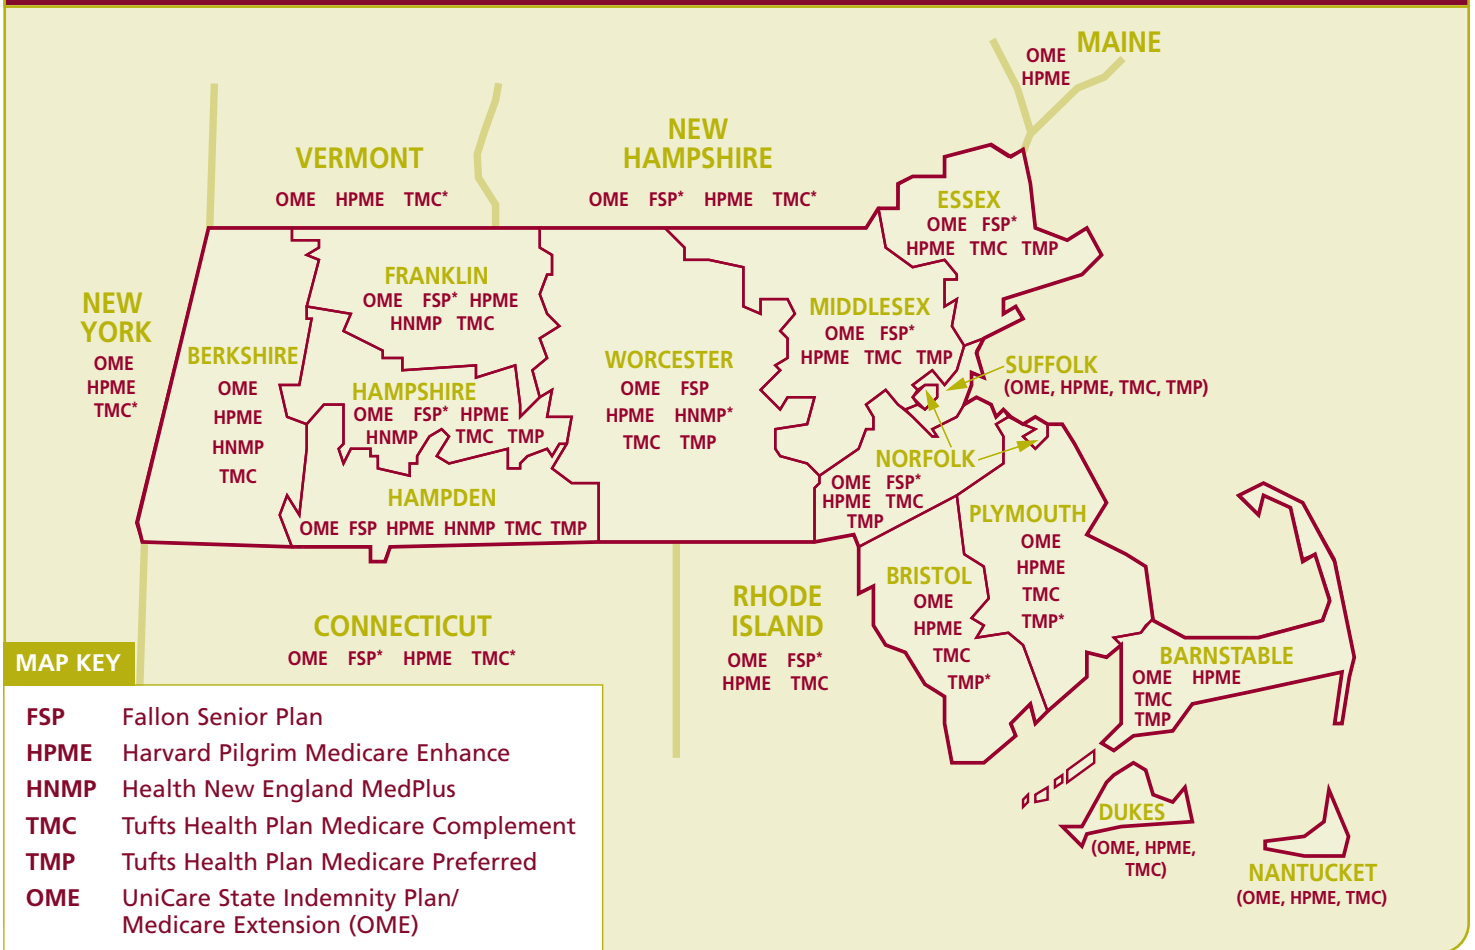

If you want to keep your current Group Insurance Commission (GIC) health plan, you do not need to fill out any paperwork. Your coverage will continue automatically.

Once you choose a health plan, you **cannot** change plans until the next annual enrollment, even if your doctor or hospital leaves the plan's network, unless you move out of your health plan's service area.

Weigh Your Options

- Where you live determines which plan(s) you may enroll in. See the map below to see which health plans are available in your area.
- See your *GIC Benefit Decision Guide* for eligibility details, additional benefit information, rates, and factors to consider when choosing a health plan.
- Contact the health plans you are considering to find out:
 - Information on other health plan benefits that are not described in this brochure; and
 - Whether your doctors and hospitals are in the network.
- See the GIC's website for additional information: www.mass.gov/gic.

Where You Live Determines Which Plan You May Enroll In. Is the Medicare Health Plan Available Where You Live?

* The plan has a narrow network in this county or state; contact the plan to find out which doctors and hospitals participate in the plan.

The Harvard Pilgrim Medicare Enhance Plan is available throughout the United States. The UniCare Indemnity Plan/Medicare Extension is available throughout the United States and outside of the country.

Medicare and Your GIC Benefits

Medicare Guidelines

Medicare is a federal health insurance program for retirees age 65 or older and certain disabled people. Medicare Part A covers inpatient hospital care, some skilled nursing facility care and hospice care. Medicare Part B covers physician care, diagnostic x-rays and lab tests, and durable medical equipment.

When you or your spouse is age 65 or over, or if you or your spouse is disabled, visit your local Social Security Administration office to find out if you are eligible for free Medicare Part A coverage.

If you (the insured) continue working after age 65, you and/or your spouse should **not** enroll in Medicare Part B until you (the insured) retire. Due to federal law, different rules apply for same-sex spouses; see our website for details.

When you (the insured) retire:

- If you and/or your spouse is eligible for free Part A coverage, state law requires that you and/or your spouse must enroll in Medicare Part A and Part B in order to be covered by the GIC.
- You must join a Medicare plan sponsored by the GIC to continue health coverage. These plans provide comprehensive coverage for some services that Medicare does not cover. If both you and your spouse are Medicare eligible, both of you must enroll in the same Medicare plan.
- **You must continue to pay your Medicare Part B premium.** Failure to pay this premium will result in the loss of your GIC coverage.

Retiree and Spouse Coverage if Under and Over Age 65

If you (the retiree), your spouse or other covered dependent is younger than age 65, the person or people under age 65 will continue to be covered under a Non-Medicare plan until you and/or he/she becomes eligible for Medicare.

If this is the case, you must enroll in one of the pairs of plans listed below:

How to Calculate Your Rate

See Separate Rate Chart

Medicare Family

Find the "Retiree Pays Monthly" rate for the Medicare plan in which you are enrolling and double it for your monthly rate.

Retiree and Spouse Coverage if Under and Over Age 65

1. Find the "Retiree Pays Monthly" premium for the Medicare Plan in which the Medicare retiree or spouse will be enrolling.
2. Find the "Retiree Pays Monthly" individual coverage premium for the Non-Medicare Plan in which the Non-Medicare retiree or spouse will be enrolling.
3. Add the two premiums together; this is the total that you will pay monthly.
